The College regularly conducts meetings of the Alumni Association. The college invites the alumni members for the meeting and takes their feedback on teaching, learning, curriculum, administration and infrastructural development issues. These feedbacks seem very helpful for the quality enhancement of the institution. We appreciate alumni's faithful response.

The alumni proposed very affirmative recommendations and suggestions for the betterment of the students and to the development of the college. The college considered their suggestions and tries to implement as early as possible. Admitted students implied that the suggestions and recommendations from the alumni had been taken seriously. The college assured the alumni that the institute desperately wanted to work with them for the welfare rural students. Frequent visits by the alumni and their communication with the staff and the students helped to develop the amicability between the alumni and the college.

The college did appeal to alumni association for their contribution to the development of the institution. A thing to mention is that they are a kind asset to the college because their experience is valuable for the students of the next generation. The alumni realized the role of the institution in their lives so they indebted to the institution. Hence, they started the tradition to provide support and contribution according to the students need. Alumni also contributed and supported for the successful organization of various events such as Blood Donation Camp, Health-Check- up-Camp, NSS Seven Days, Residential Camp, College Annual Gathering, tree plantation etc.
