 Essay sub: Clean India Green India

Clean India Green India

Introduction :-  
 The clean India Green India states that if we try to keep our India clean. It will become green that is if we clean our environment and surroundings then we will get a good surrounding or greenery like trees and grass and various small plants etc.

The mission of Clean India Green India is to stop the deforestation and increase the number of trees in India to decrease the population pollution as the trees help in reducing the pollution.

Clean India Green India is all about making them green by increasing the number of trees by growing small plants.

**CLEAN INDIA GREEN INDIA**

Four years ago, prime minister Narendra Modi launched the 'Swachh Bharat Mission' to achieve the vision of a 'Clean India' by 2019. Fittingly, October 2, 2019 is also the 150<sup>th</sup> birth anniversary of Mahatma Gandhi, who championed sanitation as a national priority. Over the last four years, India has made great progress, building more than 86 million toilets for households, and declaring nearly half million (4.70 crore) villages free of open defecation.

In India, the nationwide push to implement the
